OUR GROUPS

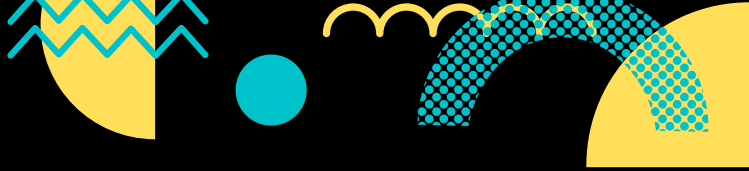

HARMELODICS

The Harmelodics is Northern Illinois University's student-run all-treble a cappella group. Our group this year is made up of many members ranging from freshman to juniors with a wide variety of majors. The Harmelodics is an open and inclusive brotherhood of people who share one common goal of making music and lifetime friendships. We strive to change the A Cappella world with our intricate harmonies and catchy melodies one song at a time. When not in rehearsal, this group of brothers likes to venture into the real world to shop for our new crocs and hang out with our sister group.

(Shoutout the Huskie Hunks!)

HUSKIE HUNKS

Formed in the desolate cornfields of DeKalb, IL in the Fall of 2011, the NIU Huskie Hunks have recently developed into a nationally recognized group when they took the ICCA competition by storm for the seventh time in the Spring of 2022. The group is made up of many members, from freshmen to super seniors, and with a variety of different majors, but one goal in common: to rock their audiences' pants off with electric harmonies and robotically precise choreography. In their free time, these hunky gentlemen love to spot each others' deadlifts, eat way too much Vinny's pizza, and have totally-not-weird sleepovers.
